Close proximity to the Sindelfingen factory: The MOTORWORLD Region Stuttgart - forum for driving culture

The V8 HOTEL is not only a special, individual hotel, it is also located in a spectacular, unique environment - the MOTORWORLD Stuttgart on the airfield in Böblingen, the former Württemberg airport.

Here specialists, technology enthusiasts, aesthetes and nostalgics, are brought together under one roof, around the most rusty hobby of the world.

Tangible technology and a comprehensive range around the topic of mobile fascination, makes this location so unique.

The trade hall with exclusive rarities and the workshop hall with numerous collector vehicles in glass boxes, invite you to visit.

To round off your visit, various catering establishments, like the Café House, the Microbrewery, the Italian restaurant, an American Steakhouse, the cooking academy and the newly opened Foodport Check Inn, offer meeting points for "petrol talks" between tenants, customers and visitors.

In the same building you can also find the flight simulators from SimInn.

The MOTORWORLD is opened Monday to Saturday from 7:30 am until 8 pm and on Sundays and Public Holidays from 10 am until 8 pm. Entry to the MOTORWORLD is free of charge.
